Dear Abigail Anthony

Thank you very much for registering for a parent account. To start your account please follow the details below:

Email: <u>abigail.anthony@afficienta.com</u> Activation Link: <u>https://my.afficienta.com/9311886f-a0c0-4dc2-a8cb-ca05a157d1f0/active</u> Expiration: Activation link will expire in 24 hours

Click the above link to activate your account. Once the account is activated, you are ready to login. Make sure, you are using Google Chrome browser. We hope you and your children will like our product. If you have any feedback or questions, please contact us <u>contact@afficienta.com</u>. Do not reply to this email.

With best wishes,

Afficient Academy Learning Center of Silicon Valley, Inc.

You receive an email with an Activation link to activate your account. The Activation link expires in 24 hours, so we strongly recommend to activate the account immediately. This Link takes you inside MYAA account (slide#6) bypassing the Log in page (slide #5).

Log in using the Email ID and Password. If you forgot the password, you may reset your password by clicking 'Forgot password'

INSTRUCTIONS	SELECT PATH					PRODUCT VIDEO TE		

## **INSTRUCTIONS**

On the next page, you will be asked to choose how you will be learning math with Afficient Math. There are two different paths: Build Your Foundation, where you can fill in the gaps in previously learned math courses, and Select a Course, where you can choose which course you would like to work on.

We highly suggest you choose Build Your Foundation, especially if you are currently in seventh grade or below. This option will allow you to build a solid foundation then build off that to get ahead in math. This path is one of the unique aspects of Afficient Academy's math program and has shown amazing results with our students. If you choose this option, you will be asked to take about three diagnostic tests from prior grades to determine your starting grade and skill level to build a foundation.

If you are not able to go through Build a Foundation, you can choose the course you would like to take. This option is great for older students (mostly eighth grade and above) who don't have time to review previously learned material and need help with material that they are currently learning. If you choose this option, you will be asked to take a readiness test to determine whether you are ready or a diagnostic test to see how much you already know for the chosen course. These tests are optional, but we recommend taking one of them so you can know your starting level.

In Afficient Math, the contents of each grade are consisted of small segments which we call Skills. During your study, depending on your progress, each of the Skills is at one of the five levels: To Be Learned, Level 1, Level 2, Leve3 and Proficient. After the diagnostic test, the system will find your starting grade, and initialize Skills at corresponding levels.

Please read the instructions thoroughly. It helps you set up the student's Learning Path correctly.

#### About the Diagnostic Test

You will do **Diagnostic Tests** for several grades that you have learned in the past. Through the Diagnostic Tests, the Starting Grade and your level of skills of the grades will be identified. Then your account will be setup accordingly. The first Diagnostic Test will be **Grade 2**. Based on your first Diagnostic Test results, system will lead you to do the subsequent Diagnostic Tests at higher or lower grades.

If you would like the first Diagnostic Test to be other than Grade 2 then you can choose the test subject from the dropdown menu below.

First Diagnostic Test

START DIAGNOSTIC TEST

Start the Diagnostic Test for the selected Grade. This example is for a 2<sup>nd</sup> Grader!

BACK NEXT

#### **Diagnostic Test Results:**

Subject	Accuracy	Speed	Region	Date	
Grade 3	94.20%	1.99	2	2018-06-22	VIEW DETAILS
Grade 4	0.00%	0.00	6	2018-04-27	VIEW DETAILS

#### No more Diagnostic Tests required. Click NEXT to set up your account.

If you would like to take more Diagnostic Test, Select the test subject from Dropdown menu below.

Take another session of Diagnostic Test on

If you want your child to take more Diagnostic Tests, you have that option too. After a couple of sets of Diagnostic Test, you will have the results of the Diagnostic Test. You may view the detailed reports about each test providing information about the skills that the student answered correctly and incorrectly.

#### Watch the video on how to use Afficient Math

This is the student orientation video. We recommend both student and parents watching it before starting the lessons. It helps understand how to get the best out of our program. This ensures a smoother and faster progress in the program and helps in getting the maximum benefits out of it.

Grade 3	Ρ	1.4	Level 2	Level 3	1.1	Subtraction with Renaming	
Grade 3	Ρ	1.5	Level 2	Level 3	3.8	Addition and Subtraction Review	
Grade 3	Р	1.6	Level 2	Level 3	2.1	Problem Solving: Addition and Subtraction One-Step Word Problems	
Grade 3	Ρ	1.7	Level 2	Level 3	3.5	Problem Solving: Addition and Subtraction Multi-Step Word Problems	
Grade 3	Р	2.1	Level 2	Level 3	0.7	Rounding to the Nearest 10	
Grade 3	Р	2.2	Level 2	Level 3	0.7	Rounding to the Nearest 100	
Grade 3	Р	2.3	Level 2	Level 3	2.1	Rounding Review	

## Skills Dropped This Week

#### Extra Work Credited and Assigned

#### Extra Work Not Credited This Week

The student may request for extra assignments if the weekly assignments are completed earlier. There is literally no limit to how much a student can accomplish in a week!
